30.09.2021

Dear Parents / Carers,

We are pleased and excited to announce that we will continue to run Forest School sessions as part of the school curriculum. Reception class pupils will also have a taste of lessons in the forest for the first time!

Based on a Scandinavian model, Forest School sessions offer children unique opportunities to foster self-development, independence and boost self-esteem through regular involvement in stimulating outdoor learning activities. These sessions will be conducted in our woodland area, and due to the nature of the lessons, your child will be outside and will get wet and muddy.

On their appointed day, we kindly ask that your child attends school wearing their school uniform. They will need to change in to their Forest School clothing in class, and will change back in to their school uniform following their session.

Please provide:

3 layers of clothing (t-shirt / long-sleeved top / waterproof jacket)

Wellies

Thick socks

Winter hat, scarf and gloves

Waterproof / old pair of trousers

Hand towel for drying

PLEASE CLEARLY LABEL ALL OF YOUR CHILD'S CLOTHES

Please feel free to contact your child's teacher over Class Dojo should you require further information.

Thanks for your continued support.

G Roberts

Mr G Roberts
(Forest School Co-ordinator)
