Ein Senedd Ni – Our Parliament

Thank you to the representatives of our School Council for their excellent contribution at the 'Ein Senedd Ni' (Our Parliament) session last week in a discussion on how to promote Welshness within the community. Ein Senedd Ni was established to get the input of representatives from the councils of every Welsh-medium primary school in the city, with the aim of guiding policies and leading various campaigns that have an impact on the lives of the city's children.

OUR COMMUNITY ROOM

We have set up a room within the school for you, our parents, and the community. The space will have several purposes:

- an informal meeting place for parents to meet and have a coffee
- somewhere where you can come and talk to the school staff or professionals about your children
- adult education classes such as learning Welsh
- parenting advice
- how to help your child at school,
- Our 'Pantry' which includes a food, clothes (including school uniforms for Coed-y-Gof and Plasmawr) baby items, cleaning materials and toiletries.
- stay and play sessions.

If you would like to use the room for a coffee morning, parents' meeting or another event, please contact us. We also welcome your ideas on other activities we could do to build and support our school community.

We are keen to develop Ysgol Coed-y-Gof to be somewhere that plays a valuable role in your lives and the lives of your children, within and beyond the classroom. We are also looking for a name for our community room and would like your help! Email any suggestions to ysgolcoedygof@cardiff.gov.uk
